

The Three Pigs

The Three Pigs have different 'Pitch Mountains' to jog along to escape from the Big Bad Wolf. They have to travel along the highs and lows of the mountain drawings.

See if you can make high, medium and low pitch sounds with your voice or a tuned instrument.

- Remember to take a belly breath before singing and humming.
- See if you can make your puppet pig or wolf jog along the 'pitch mountain'
- Try to see if you can make your voice travel along smoothly.
- Can you create different mountain ranges to travel?
- Do you think you can make a sequence of 'Pitch Mountains'?

The Three Pigs

Here are some templates of pigs and a wolf to travel along the 'Pitch Mountains' for puppets.

As they try to escape they sing this song before travelling along the mountains:

'Let us run, run, run,

Very quick, quick, quick!'
