

Celebrating Our Young Carers: A Creative Project with Lasting Impact

Pictured: Ms Culliton & Ms McSkimming, St Mary Young Carers and some of Buckinghamshire's Carers Partnership Board

We are delighted to share some wonderful news about a truly special project involving several of our Young Carers here at St Mary's.

Over the past few weeks, a dedicated group of children have been working closely with Ms Culliton to produce a powerful collection of artwork that captures their experiences, emotions, and the unique responsibilities they carry as Young Carers. Their pieces are thoughtful, expressive, and deeply inspiring, shining a light on the important role they play within their families.

As part of this project, the children were recently invited to Buckinghamshire Council for a very exciting opportunity. During their visit, they met key members of the Buckinghamshire Carers Partnership—a collaboration of professionals from organisations including Buckinghamshire Council, Oxford Health, Carers Bucks, Public Health, the Oxfordshire and Berkshire West Integrated Care Board, and Buckinghamshire Healthcare Trust.

The children spoke confidently about their artwork and the stories behind it, and the Partnership members were incredibly impressed by their creativity, maturity, and insight. It was a proud moment for everyone involved.

This project has not only allowed our Young Carers to express themselves artistically but has also helped raise awareness of the invaluable contribution they make to the lives of others every day. We could not be prouder of their achievements.

Well done to all our remarkable Young Carers!
