Year 2 Home Learning Menu

Please complete one task a week.
Home Learning should be returned to school on Wednesdays.
One piece of Home Learning will be marked each week.
Some tasks are compulsory and marked with a *

Please continue to read daily and keep up with using NumBots to work on your mathematical fluency. You could also use 'Hit the Button'.
Hit the Button - Quick fire maths practise for 6-11 year olds (topmarks.co.uk) to practise your number bonds to 10 and 20 or your 2s, 5s and 10 x tables.

School Value Challenge:
One of our school values is 'Integrity'. Can you create an acrostic poem poster showing what this value means to you - we will try and display as many as we can!

Writing Challenge*:
We would like you to write a book review about a book of your choice. This could include:

- Title and Author of your book.
- Why you like this book.
- Your favourite part of the book and why.
- A star review out of 5.

We will use your book review to create a Year 2 Book Recommendation list for the school website!
Extra Challenge: Write a sentence to tell us who your book would be suitable for.

Maths Challenge*:
Play a game with someone at home. Roll two dice and add the numbers together. Multiply that number by either 2, 5 or 10 and record your calculations.

Extra Challenge: Can you link any of your calculations to division facts.
E.g. 2 x 5 = 10 so 10 ÷ 2 = 5

Reading Challenge:
We love reading! We also love hearing about your favourite place to read! Can you take (or draw) a picture of yourself reading your favourite book (maybe the one you write a book review about) in your most favourite place to read it?

Can you add a sentence to explain why it is your favourite place to read?

Science Challenge:
We are learning all about animals, including humans in Science this half term. We would like you to pick an animal and create a poster or fact file to share some information with us.
You could include facts about where it lives? What it eats? What it looks like? What its babies are called?
Extra Challenge: Can you include pictures with captions?

PSHE Challenge:
This year, anti-bullying week happens from 16th to 20th November and the theme is 'Break The Silence' Watch this video: Anti-Bullying Week 2026: Break The Silence - Theme video and then think about a time where you have done something good for someone else. Draw a picture and maybe add a sentence to explain what you did.

Geography Challenge:
This half term we are carrying on learning about our world. We will soon be drawing a map in school. We would love if you could have a go at drawing a map of your garden or a room in your house from a bird's eye view. Remember to include labels so that your teachers know where everything is.

Music Challenge:
This half term we will be learning the Christmas songs for our Christmas performance.
Choose one of the songs to practise at home. Can you then have a go at performing it to the people at home. Maybe you could create a stage in the living room and use a hairbrush as your microphone!!! Then write a short sentence in your homework book to tell us about which song you picked to practise and why.

RE Challenge:
As we are now on the lead up to Christmas, we would love to know what this looks like in your family. Can you write a couple of sentences that describe what Christmas means to you and tell us how you celebrate it, if at all.
