

Summer Term 2021 Issue Number: 4

Welcome to the last Travel Plan Newsletter of this school year.

Since our last Newsletter we are pleased to inform you that we have gained the **Silver** level accreditation on the Modeshift Stars award scheme. We are very proud of what

we have achieved in the last year in these very difficult times and are looking forward to working towards achieving the Gold level. Also we would like to thank you for all your support, as we could not have gained this accreditation without the support

and commitment to sustainable travel. The Junior Road Safety Officers will continue to promote road safety while ensuring the children gain information on how to keep themselves safe.

Working Group

We are still looking at setting up a working group to help us with our Travel Plan and promote road safety within our school. This opportunity will allow you to work with us on our STARS initiatives and share your ideas on the schools travel issues. If you are interested and have some time to spare to help us please contact Mrs Clark via the school office. Email: office@st-marysylesbury.bucks.sch.uk

Wow

The WOW initiative, run by the charity Living Streets encourages children and their families to walk to school, is still being enjoyed by all the children. They have looked forward to receiving their badges at the end of each month during Celebration Collective Worship and are very excited to see what the next months badge design is.

Parent Parking Promise

What is The Parent Parking Promise?

Parents' Parking Promise has been developed to encourage parents and guardians to think about how they are parking around the school and to sign a pledge to promise to park responsibly. This is a system that we would like to introduce when we return to school in September. More information will follow in the Autumn Term.

Junior Road Safety Officers

We would like to thank our Junior Road Safety Officers for all their hard work over the last year. They have had a busy year writing Collect Worships to promote Road Safety, arranging competitions and organizing events.

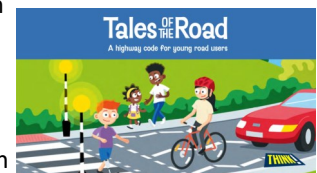

Happy Shoesday

Happy Shoesday was a great success and the children really enjoyed taking part. It was amazing to see all the children wearing arrange of different shoes that made them feel happy. Our classrooms were full of slippers, trainers, boots to name just a few. We are please to announce that we raised an amazing £290 which has been forward onto the charity Living Streets.

Tales Of The Road

This half term the Junior Road Safety Offices will be holding a Collective Worship based on Tales of the Road. This is a interactive resource provided by THINK to help young road users navigate roads and learn about road safety. With many people having enjoyed more walking and cycling during lockdown, families being asked to consider whether they can walk or cycle to school and the Summer holidays fast approaching, now is a great time to bring road safety to life for children.
