

A SOCIAL STORY

GOING BACK TO SCHOOL

@therainbowclassroom

Some children have carried on going
into school because their families have
been keeping other people safe.

@therainbowclassroom

Some children have not carried on
going into school because their families
have been looking after them at home.

It is a LONG TIME since all the
teachers and children were together at
school.

This might make you feel sad...

I am bored
at home.

I am missing all the
people I see at school.

I feel safe
at school.

I want to carry on
learning.

I want to have a
routine again.

Whatever you are feeling is OKAY.

@therainbowclassroom

You might have lots of thoughts or
worries too...

I CAN'T WAIT to go
back to school.

I DON'T EVER WANT to
go back to school.

Whatever you are thinking is OKAY.

@therainbowclassroom

There is no right or wrong way
to think or feel.

It is GOOD to talk to someone about
how you are feeling and what you are
thinking.

@therainbowclassroom

It is NOT a good feeling when you
don't know what is happening.

It can make your head, heart
and tummy feel a bit strange.

@therainbowclassroom

People are making plans for you to go back to school...

Right now, we are not sure **when** this will be for everyone, **BUT...** 

We will tell you **before** it happens so that you have a **warning**.

You won't just **WAKE UP** one morning and have to go **back to school!**

@therainbowclassroom

When it is SAFE, we
will all be together
at school again.

At first you might feel worried, excited
or a bit of both!

Everyone will be SMILING and
HAPPY to see you though!

@therainbowclassroom

Your school family will do

EVERYTHING THEY CAN

to make sure you feel happy and

safe at school.
